

The Group Training Association of NSW Inc

Membership Application:

In order to assess your application for membership, the Association will look for evidence of how your organisation meets the guidelines – particularly Elements 1-4.

Evidence of meeting each element may be made by written submission with supporting evidence where appropriate.

The Application Form (Attachment 1 of the Association's Objects and Rules) is to be completed on your organisation's letterhead.

Once the required information is received, the Association will consider each application on its merits at the next available meeting of the Executive Committee.

Membership fees become payable once the Executive Committee resolves to accept an applicant as a member of the Association.

Membership becomes effective from the date of receipt of the payment of the membership fee.
